

Gift Certificate For Professional Albums & Prints

What is the gift certificate scheme?

The gift certificate scheme means you now have the option to add *Leslie Choucard Photography & Videography Gift Certificates* to your wedding gift list.

Guests can purchase gift certificates from a value of £25 upwards and you are free to use them towards any prints & products you wish, including your wedding album!

Why did I introduce this scheme?

Prior to introducing this scheme, only 50% of my bridal couples ordered albums and prints after their wedding. The main reason? They had no money left!

The truth is though, it makes me a little sad for the other 50% who didn't have a beautiful wedding album as a keepsake of one of the biggest days of their lives.

In this day and age we are so used to images displayed instantly on our phones, computers and tablets that we often forget about the power and importance of print. To have your images within arm's reach in your home, to touch and to feel whenever you wish is an entirely different experience, and one that I want you to have.

Although I was already a big believer in printed images, it became even clearer to me when my grandmother sadly passed away recently and I spent hours sitting on the floor in her empty house looking at her many albums and photos, being transported back in time by images dating from almost a century ago!

Albums create timeless memories.

This scheme has been so successful because wedding guests love the idea of participating towards your first family heirloom!

(when compared to buying you a toaster or simply giving cash, who can blame them)

Whether you prefer albums, prints, canvases or framed images, you choose the photos you love and I will create a custom design with colour-corrected images ready to send to print.

How does it work?

If you would like to make these gift certificates available to your guests we will provide you with beautiful bespoke cards to include with your wedding invitations. If your invitations have already been sent we can provide you with a Wedding Gift List email to send to your guests or my team can send and manage the process for you if you would prefer.

How do my guests purchase gift certificates?

We have created a streamlined process to make it easy for your guests. They are able to purchase gift certificates directly from the [gift certificate page](#) on our website.

Payments are processed by PayPal which is 100% safe & secure.

If your wedding is abroad or some of your guests aren't from the UK, PayPal accommodates all currencies and payment cards.

What happens after they have purchased gift certificates?

Once purchased, the guests will receive a beautifully printed gift card in the post so they can present it to you on the wedding day.

For last minute orders we will bring the gift card on the wedding day for the guest to collect in person.

What happens after the wedding?

Some of you have already chosen your wedding album specifications, but if you haven't or if you would like to see the swatches and products again, then we can meet so that you can look over all the options, bearing in mind the gift certificates you have received.

Terms & Conditions

The certificates may not be exchanged for cash and must be redeemed within 12 months of the wedding.
